House-drudgery, more than any other one thing, is what wears out women. Not ordinary house-work—but hard haber with the hands, trying to keep things clean without mosiera methods. That sait work. It's dradgery— —an enemy to woman's health. Now, which is better—to use Pearline and stop the drudgery, or to wear yourself out and then try to get well? Pearline, more than any other one thing, makes house one fit work for any woman.
